

Chrismont's vineyards are located in Whitfield (above) & Cheshunt, King Valley, Victoria.

At Chrismont, we're proud of the unique combination of our grapevine varieties, vineyards and location in the beautiful King Valley, all of which combine in the recipe for that sense of place known as *terroir*, evident in every glass of Chrismont wine.

Growing a selection of classical & Italian varieties since 1980, Chrismont produced its first wine with the 1996 Barbera. Since then, the wines have received numerous awards, accolades and excellent reviews.

The variations from one vintage to the next, particularly relevant in a cool climate wine region such as the King Valley, are at the heart of boutique winemaking at Chrismont;

the hands-on crafting of single vineyard, single varietal wines into the truest representation of grape, vineyard, vintage and winemaker through a combination of traditional and modern techniques.
