Chrismont King Valley Riesling 2004

★★★★★

There is a lot going on in Victoria's King Valley—it might actually be the most dynamic wine region in Australia. There are lots of young, exciting wine makers, lots of new varieties and lots of great cool climate vineyards. The Chrismont winery is at the forefront of the pack and this riesling is one of the best in Victoria—gorgeously citrusy, great now, differently fabulous in five years.
